**NOTICE OF DRAFT RESOLUTIONS**  
**(Pursuant to PU Code § 311(g))**

***Draft Resolution Authorizing Vessel Common Carriers To Temporarily Adjust Fares And Rates Available For Public Review And Comment***

A draft resolution (TL-19042) of the Consumer Protection and Safety Division that gives vessel common carriers (VCCs) temporary authority to adjust their passenger fares and freight rates without specific Commission authorization will be on the June 9, 2004, Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. When the Commission votes on Resolution TL-19042, it may adopt all or part of it as written, amend or modify it, or set it aside and prepare a different resolution.

The resolution was drafted in response to a request made on behalf of Blue & Gold Fleet, L.P., Angel Island-Tiburon Ferry, Inc., and Catalina Freight Line for the Commission to authorize VCCs to assess a surcharge to offset significant increases in fuel prices. The resolution would authorize VCCs for a 180-day period to raise their fares and rates as much as 15% above their currently authorized fares and rates.

The draft resolution is available for review and comment. A copy may be obtained from, and any subsequent written comments should be submitted to:

Paul Wuerstle, Manager  
CPSD – Transportation Enforcement Branch  
California Public Utilities Commission  
505 Van Ness Avenue, 2<sup>nd</sup> Floor  
San Francisco, CA 94102  
Telephone: (415) 703-2183

An original and two copies of comments must be received by the Consumer Protection and Safety Division by May 27, 2004. Comments shall be limited to five pages in length and shall focus on factual, legal, or technical errors in the proposed resolution.

**Summary:** On April 28, 2004, Peter A. Casciato, attorney for Time Warner Telecom of California, LP, (Time Warner), spoke with Robert Wullenjohn, advisor to Cmmr. Brown, by telephone. Casciato indicated that Time Warner supported a change to the definition of a small business to that of a business with less than a T-1 line or 20 channels. Casciato advised the Commission that this is a reasonable line to draw to identify sophisticated customers who generally contract for this level of service.

5/3/04                      A02-05-004                      Southern California Edison Company (U 338-E), for Authority to Increase, among other things, its Authorized Revenues for Electric Service in 2003, and to Reflect that Increase in Rates.  
                                  I02-06-002                      Investigation on the Commission's own motion into the rates, operations, practices, services and facilities of Southern California Edison Company.

**Summary:** On April 28, 2004, Mark Pocta, Program Manager of the Office of Ratepayer Advocates (ORA), met with Cmmr. Wood in an all-party meeting in San Francisco. Also present were Manuel Ramirez and Steven Weissman, advisors to Cmmr. Wood, Bruce Foster and Frank Cooley of Southern California Edison Company (Edison), Marcel Hawiger of The Utility Reform Network, James Weil of Aglet Consumer Alliance and Mark Joseph of the California Coalition of Utility Employees. Pocta stated that ORA supported the proposed decision (PD) of the ALJ even though they did not support the manner in which all issues were addressed. On balance, Pocta asserted that Edison was treated very fairly and prevailed on many issues. Pocta expressed his objection to Edison's use of 2003-recorded expenses to assert that they are spending more than requested, given these costs have not been analyzed. Pocta emphasized that the methodology used by SCE for calculating net salvage costs is flawed. Pocta explained the reasons that the PD correctly rejected SCE's request to add \$2.5 million to the SONGS Refueling Outage costs. Pocta indicated that although ORA appreciated the alternate decision (AD) of Cmmr. Wood adopting quality assurance measures, ORA could not support the performance standards in the AD due to the significant upside potential to Edison. Pocta recommended that the Commission should adopt the PD.

5/3/04                      A02-11-017                      Pacific Gas and Electric Company, for authority, among other things, to increase revenue requirements for electric and gas service and to increase rates and charges for gas service effective January 1, 2003.  
                                  I03-01-012                      Commission Order Instituting Investigation into the Rates, Operations, Practices, Service and Facilities of Pacific Gas and Electric Company.  
                                  A02-09-005                      Pacific Gas and Electric Company (U 39-E), pursuant to

Resolution E-3770 for Reimbursement of Costs associated with delay in implementation of its New Customer Information System caused by the 2002 20/20 customer rebate program.

**Summary:** On April 28, 2004, Brian Cherry, Director of Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with David Gamson, advisor to Cmmr. Brown, and Julie Fitch, advisor to Cmmr. Peevey, in two separate meetings in San Francisco. Written materials (attached to the notice) were used. Cherry discussed the proposed decision (PD) of ALJ Halligan. Cherry stated that the PD failed to include a reasonable pension contribution for PG&E's CPUC authorized rate case. Cherry stated that PG&E ratepayers would not be at risk of paying for a funded status of more than 100% and that any excess above 100% would be returned to ratepayers.

**Summary:** On April 29, 2004, Mark Pocta, Program Manager, the Office of Ratepayer Advocates (ORA), met with Cmmr. Wood in an all-party meeting in San Francisco. Also present were Manuel Ramirez and Steven Weissman, advisors to Cmmr. Wood, Laura Tudisco, Staff Counsel for ORA, Karen Tomcala, Vice President Regulatory Relations, and Patrick Golden and Lise Jordan, Attorneys, for Pacific Gas and Electric Company (PG&E), James Weil of Aglet Consumer Alliance, Matthew Freedman of The Utility Reform Network, and Marc Joseph of the Coalition of California Utility Employees. Pocta stated that ORA supported the proposed decision (PD) of ALJ in PG&E 2003 General Rate Case except with respect to the elimination of the floors for attrition. Pocta indicated that ORA supported the PD's treatment of the pension contribution issue. ORA recommended that the PD be revised to adopt the attrition mechanism floors as set forth in the settlement. Pocta explained that the PD's elimination of the attrition floors disregards the fact that the CPI-based mechanism negotiated by the parties results in attrition increases substantially less than compared to the traditional methodology proposed by PG&E, and supported by ORA.

**Summary: AUGMENTATION REQUIRED.** On April 29, 2003, Marc Joseph, attorney for the Coalition of California Utility Employees (CUE), participated in an all-party meeting with Cmmr. Wood. Also present were Manuel Ramirez and Steven Weissman, advisors to Cmmr. Wood, Mark Pocta for the Office of Ratepayer Advocates, Karen Tomcala, Patrick Golden and Lise Jordan for Pacific Gas and Electric Company (PG&E), Bob Gnaizda for the Greenlining Institute, James Weil for Aglet Consumer Alliance, Matt Freedman for The Utility Reform Network, and Diane Fellman for the Diablo Canyon Independent Safety Committee. Written material (attached to the notice) was used. Joseph stated that the proposed decision (PD) on storm and reliability issues should be modified to establish the standard of reasonable performance at the levels that the PD calculated based on the reliability improvements being funded in the general rate case, rather than at historic performance levels. Joseph also stated that PG&E should be given performance incentives analogous to those for Southern California Edison Company and San Diego Gas & Electric Company, but that according to the PD, no additional revenue was required for PG&E to be able to improve its performance.
